

# Friends of the Timberwolves (The Netherlands)

**“We’re six friends with a common hobby. Our main interest goes to the World War II period 1940-1945. We all live in Zundert, and for that particular reason we’re very much interested in the people who liberated our region. Our Liberators were G.I.s belonging to the 104th Infantry Division, “The Timberwolves.” In 2002, we set up a Foundation with the appropriate name: “Friends of the Timberwolves.”**
